You can find the save.Default: Uplay C:\Program File (x86)\Ubisoft\Ubisoft Game Launcher\Save Games<account_id> \1771 Steam C:\Program File (x86)\Ubisoft\Ubisoft Game Launcher\Save Games<account_id> \3559 - Next, see the dedicated FAQ on how to disable cloud features in Uplay and do this - Once you have backed up the save folder and invalid cloud sync, start and exit the game - you can now enable the cloud again. The next time you launch the game, you'll no longer see the new campaign option. If you still don't see the option to continue the campaign, follow these steps: Go to the save folder, change 1.save to 1.saveold, and rename 2.save to 1.save if the problem doesn't work, don't hesitate to contact support. Ghost Recon Wildlands is the latest addition to the Tom Clancy Game Canon. This is a massive open-world shooter that brings the series back to its modern military roots. There are no more robots here. Obviously it's not going to come to the App Store. And that's the kind of thing we care about here - AppSpy Hearts Mobile IDST. So, what can you do if you want to shoot people in the face on your phone? We have man shooters, tank shooters, and more multiplayer than you can shake a stick at. Click on the game's enhanced title to go to the app store and download it over an interweb connection. Modern Combat 5 - Free big sleek Shoey Bang Bang game owes more than a little to the likes of Call of Duty. There are loads of guns, loads of things to shoot, and lots of different singles and huge weapons. Afterpulse is probably the slickest multiplayer shooter in the App Store, but that's not really saying everything I think about it right now. The fight is fast, the violence is amazingly fun, and there are plenty of guns to buy and upgrade. so the digital world can be the most killer in fear. Read our pocket gamer review here. Critical Ops - Free This one is Counter Strike in the palm of your hand, to all intents and purposes. Terrorists against soldiers in frantic multiplayer battles. Run around and shoot things and you get shouted at by your teammates because you're not very good. The controls may be a bit on the sloppy side, but there are a lot of terrible things here. violent and tense in all the right ways. If you haven't played yet, it's worth checking out. Tank world: Blitz - free okay, so this will take a little leap, but bear with me. It's a lot of big shooters <account_id></account_id >and upgrades. You're just playing tanks instead of bearded warmen. And you are shooting other tanks instead of foreigners. WoT has something lovely. Rumble with your friends, fire your massive shooter and get stuck in a small bush of trees. That's all you can hope for from a tank game, and more. Read our pocket gamer review here. Here.
